# Assembling your Zilla-385

1. Hold the cable slide in place in the middle of your crossed cables. Making sure your cables are crossed on the left and side.

*See Figure 1 and 2*

2. Slide the limb assembly into place on the stock's track.

*See Figure 3 and 4*

3. Simply bolt the limb assembly to the stock to secure. Double check to make sure your bolt is tight and secure!

*See Figure 5*

4. Add your finger guards by bolting them to the side of the stock with the included bolts (2 per side).

*See Figure 6*

5. Add your arrows to the quiver. Your quiver can be locked into place on the underneath of the limb assembly.

*See Figure 7*

6. Install your Bushnell Scope with the included mounting brackets (separate instructions included).

7. See your local dealer if you need assistance on how to sight in your crossbow. Shoot Safely!
